

PHOTOCOPIES

Malpass Library does not have a public photocopier. Instead we have free touch-screen scanners that allow images to be e-mailed or saved.

Scanners are located:

- x On the second (main) level, between the Access Services and Reference Desks.
- x On the first level, in the Digital Commons

Photocopies can still be made on the first level, in the Digital Commons.

- x Copying is done by the staff.
- x Price is 25 cents per copy
- x Exact change is required.
